

SPECIALTY SURGICAL CENTER HAS YOUR HEALTH AND SAFETY AS OUR TOP PRIORITY!

Although Michigan's COVID-19 pandemic orders changed on June 22nd to lift capacity restrictions on indoor and outdoor settings and to no longer require residents to wear a mask, Specialty Surgical Center must continue to adhere to OSHA/MIOSHA rules and regulations. As a healthcare facility, we will continue to follow CDC guidelines, which recommends that patients and providers continue to wear masks the entire time in the Center. Our Center will continue to uphold the following protocols:

- Masks must continue to be worn upon entry and at all times within the building.
- Temperature checks and health prescreens for everyone entering the building.
- The Center will continue to follow social distancing guidelines in the waiting room and throughout the Center.
- Only one adult may accompany the patient and they must wait in their car.

As always, our main concern is the safety and well-being of our patients and staff. If you have any questions or concerns, please contact us. Thank you for your continued patience and understanding!
